

REMARKS

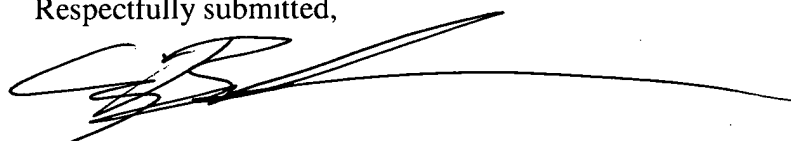

This amendment corrects errors in the text. Entry is respectfully solicited.

**Request to Make Previously-Cited References of Record**

Applicants note the filing of an Information Disclosure Statement herein on January 23, 2004, and note that although an initialed copy of the Form PTO-1449 was returned to Applicants' counsel, the two references listed on page 1 under "Other Documents" have not been initialed. Applicants respectfully request that all information cited on the PTO-1449 be made of record herein. *For your convenience, Applicants have enclosed a second copy of the Information Disclosure Statement and Form PTO-1449, as well as a copy of the USPTO date-stamped postcard evidencing receipt of the same by the Office on January 23, 2004, and a courtesy copy of the two references which have not been initialed. Applicants respectfully request that a copy of the PTO-1449, showing all references initialed by the Examiner, be returned to Applicants' counsel for their records.*

This amendment is submitted prior to or concurrently with the payment of the issue fee and, therefore, no petition or fee is required. No new matter has been added.

Respectfully submitted,
